QUAD-CITY LIBRARIES & THE

WHO?

Quad-City Teens in grades 6 through 12.

WHAT?

Create a 3-5 minute video that celebrates the 2018 Teen Tech Week theme: “Libraries are for Creating.” Teens can work on their own or in teams of up to 5 members.

Some ideas from previous Teen Video Contest winners:

- ◆ documentaries on collections/hobbies & how it is a form of self-expression
- ◆ an overview of your hometown (with the library obviously at the center)
- ◆ animation based on a favorite book series
- ◆ a day in the life of a real or fictional person
- ◆ impersonating your favorite YouTube personality
- ◆ A how-to video or DIY (can you read and yo-yo at the same time? Then show us!)
- ◆ alternate endings to books, manga, movies, and anime

Most of all, create something you are proud of and surprise us because libraries are for creating!
